Achievements

- Planning for community consultation and processes for arriving at Council's new strategic plan and Regional Plan completed.
- Reporting Forms on Mobile Devices - Telstra in collaboration with Thirty4 an App. developing company is working on creating digitised mobile device based reporting forms and timesheets for CDRC. Our aim is to use mobile devices – tablet, iPads and smart phones for submitting reports instead of using paper forms. Test phase of backend reporting is in progress. Council's policies and procedures will also be available within the app.
- Between 13 November 2017 and 12 January 2018 there were no new workers compensation claims and four open claims from the last reporting period.
- 90 / 100 rating for school nutritional value.
- Successfully implemented Christmas service provision across Community Service's service delivery and ensured vulnerable clients catered for.
- The park is now starting to look quite nice with the watering system that was purchased through the LA Funding.
- A new sign has been ordered for the new park name voted on last year. This should be up in the next few weeks.

- The oval is starting to get some good grass growth. It will take some time to be fully covered however the work teams are getting it done.
- Bin stands have been put up in Nturiya (Station) and more stands have been purchased to allow bin stands to be put up in Pmara Jutunta (Six Mile).
- Generators have been serviced at Adelaide Bore and Petyale (Carters).

Emerging Risks

- Continued focus on reducing accidents and incidents - between 13 November 2017 and 12 January 2018 there were 12 incidents, with some increase in criminal and related activity on communities including houses broken into, misuse of fire hoses and vandalising of our accommodation rooms.
- CDRC will not automatically get gap funding for CDP while the Commonwealth Government re-designs the program. We will need to tender for the next twelve months (see report in closed section).
- Major damage has been done to the hall at Pmara Jutunta (Six Mile).
- Washing Machines that have in the past been repaired by the LA are being misused with 10c pieces being used instead of the tokens (\$4). Last year the LA voted for them to be moved to Ti Tree. This will allow them to be better managed and proper coin slots installed. A quote has been received for this to happen.

3.2 QUESTIONS WITH NOTICE

Any questions asked by Local Authority members are noted here, responses will be included at next meeting.

This section does not include service requests, members and the community are encouraged to log service requests with the local office.
